Superintendent's Message

Dear Students of G.C.H.S.:

The year 1950-51 has been unique in several ways. The honor roll is a worthy venture and should result in an upgrade in scholarship. The new reporting system and the parent-teacher conferences have been a big step forward in improving scholastic achievement and bringing about better parent-teacher relations.

The physical education department has shown growth in both girls' and boys' divisions. The football team brought honor to their school by winning the district championship and going to the state finals to make second place in the state B division. The new trophy case, a gift of the Senior Class and Student Body of 1950, is an attractive addition to the school and was honored its first year in the school by the addition of the district, state final and Lions' Club trophies.

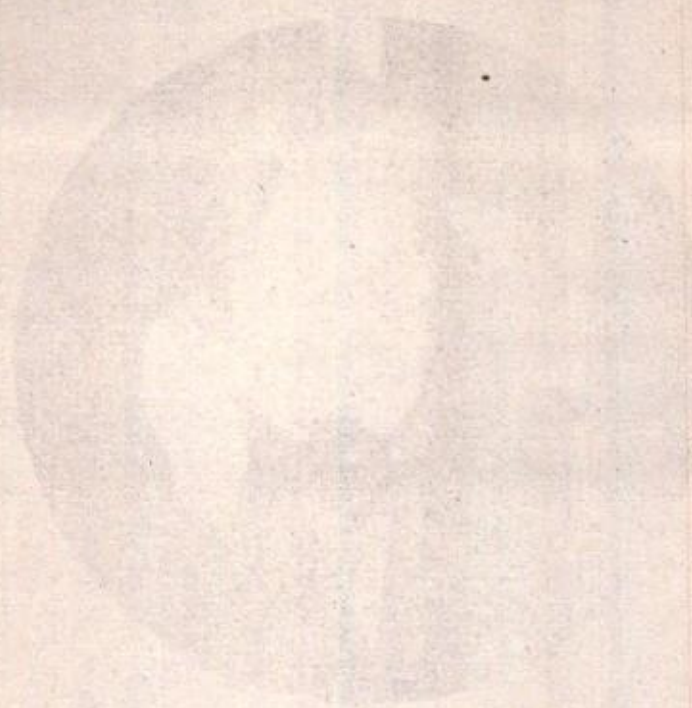

The English and speech department has shown good progress by presenting a much improved quality of plays. This is commendable. The Sage Staff has done a very creditable piece of work in publishing a much improved Sage in the form of a printed issue rather than a mimeographed issue. This has taken planning and work to finance it but it has been well worth the effort put forth. The Mograndah is a good publication and the journalism staffs are all to be complimented. In fact, all departments have shown quite good progress, this in spite of many unavoidable breaks in the school year due to serious epidemics of illness. Deadlines in yearbook publication prevents detailing results in music, commercial and other spring meets. But, we feel sure they will all give good accounts of themselves.

To the Class of 1951 we say "Good luck and best wishes." To those students returning, we shall look forward to seeing you in September to launch another happy year of high school work.

Sincerely,

Helen M. Knight

Superintendent

Principal's Message

This book is a pictorial record--a record of the students and the events for the year 1950-51. The concentrated efforts of the staff members and the co-operation of all the students were combined in its construction. It is an achievement to be evaluated by those who read it.

I congratulate the staff and the students on this achievement!

To the person who owns this book; it is my sincere hope that your life will be successful. It is my hope, also, that you will be able to attribute part of this success to your scholastic endeavors; your social activities; and your general participation as a member of Grand County High School Student's Association.

As you thumb through these pages, may you look at the pictures of your schoolmates and of the year's events not with nostalgia, but with pride for having been a student at Grand High during the school year depicted in this book.

Sincerely,

Robert L. Linnell

Some Cogs in the Red Devil Machine—Ned Dalton, 6-4; Seraph Olerain, 5-7; Ramon Ellis, 6-5

Moab's Red Devils Are Promising State Material

Moab's Red Devils drove nearer their goal of the district basketball championship by stifling North Emery in a game that was hard fought by both teams Friday night. The final score was 50-27.

This is the third league-game winning for the Devils proving their ability at moving the ball up and down the hardwood with ease and dexterity and their keen eye in aiming for the hoop. Hopes are high that with this ability and the continued train-

winning powers of Ramon Ellis, Kay Hawks, Sam Taylor, Neal Dalton, Clinton Baty, Seraph Olerain, Lonnie Oliver and Ralph Hawks.

The Devils have carried the small end of the score in only two games so far this season. Both were non-conference games and both were defeats by the Carbon Dinosaurs. Five victories have been chalked up to the Devils' credit.

Schedule for the balance of the season include Central at Moab, Jan. 20; Blanding at Moab,

Conway; Jerry Bittle appearing as Nollinson; Marjorie Thomson as Miss Brinklow; Max Iris as Mr. Henry Barnard; Louise Holyoak as Tashi; and Inaly Young as Ai-Ling.

Practices for the play will begin immediately with Mr. Ralph Bishop as director.

Students Everywhere

Hundreds of thousands of students throughout the nation will treasure their *Taylor-made* Yearbooks for many years to come.

Thousands of teachers and school administrators welcome their *Taylor-made* Annuals as a necessary part of their Parent and Public relations program.

We are proud to have had a part in preserving the memories, traditions and achievements of the schools of America.
